

Cooper Crouse-Hinds Belgium Branche Office of Cooper Crouse-Hinds B.V. and the WEEE Directive

The EC directive on Waste Electrical and Electronic Equipment (WEEE) (SI 2006 no 3289) came into effect in Belgium on the 1st July 2004.

The Directive aims to minimise the impact of electrical and electronic goods on the environment, by increasing re-use and recycling and reducing the amount of WEEE going to landfill.

In scope Cooper Crouse-Hinds products produced since 13th August 2005 have been marked with a crossed out wheelie bin underlined with a thick black line -

and one of the identification marks as illustrated below -

Cooper Crouse-Hinds B.V. - Branch office Belgium- is responsible for the treatment, disposal and wherever possible recycling of all products produced since that date.

Cooper Crouse-Hinds B.V. Branch office Belgium has registered as a producer of Non Household WEEE, and will finance the cost of the collection, treatment, recovery and environmentally sound disposal of new and historic WEEE.

Cooper Crouse-Hinds Branch office Belgium is registered through Lightrec/Recupel thus disposal of WEEE products is ensured

Our WEEE producer registration number is 155934

In compliance with the legislation Cooper Crouse-Hinds (Branche Office Belgium) will also accept back for disposal on a like for like basis any Historic WEEE of any manufacture (Products produced before mentioned date, identified by the lack of the thick black line under the crossed out wheelie bin).

This applies where new Cooper Crouse-Hinds products have replaced the equivalent amount of historic WEEE products. If any Historic WEEE is to be returned this must be advised prior to our acceptance of the order and a method and period agreed for the return of this waste.

To arrange disposal of any products under this scheme the customer will need to request and complete a "Returns Material Authorisation (RMA)" form from our Customer Services Department on +32 (0)16 359029 or by contacting mail@ceag.be
